<https://doi.org/10.1186/s12879-019-4374-8>

After publication of the original article [1], we were notified that a column needed to be removed from Table 1.

The correct version can be found below:

Furthermore, the words “Hiv specific antibody levels and” should be deleted from the ‘Case presentation’ section in the Abstract.

The original article has been corrected.

The publisher apologies for the inconvenience.
