## **ACKNOWLEDGEMENTS**

I would like to acknowledge my peers and professors that throughout my time here have offered their knowledge, guidance and respect. I have learned a great deal during my time here at UCSD because of the community of designers and I am grateful that they are such a large influence in this experience.

## ABSTRACT OF THE THESIS

An Artist's Anthem

Professor Andrei Both, Chair

There are days when I reach for the stars in hopes that if I don't quite reach them at least I've landed on the moon. I spend more days getting to the moon than ever reaching the stars, but someday I will. Call me a dreamer.

I like to imagine things that are outside of this reality and create worlds that no one else ever thought could exist. I play pretend and pretend to play reality. I like to put something in front of you that will make you think and then take it away so all you have is a memory, hopefully a good one. I like to play a make-believe that actually makes you believe. I am an artist and I am a dreamer.
